Great interest is being manifested in a match contest arranged between pickel teams of five men from the Ben Franklin and Morning Nowspaper Leagues to be rolled on Cordes's Grand Central Alleys. There has been considerable rivalry between the players of the two leagues during the season and besides the large amount of money that will be wagered on the contest between the printer bowlers and their friends the championship of 'Big Six,' meaning the largest branch of the Typographical Union in America, is involved.

Besides the byrotrebnical display on the alleys there will be other interesting features for spectators, and everything, induding refreshments, may be obtained for the small sum of 50 cents. Strikes and Spares.

A Miss Ruth Edith Houdlette, a senior at Radeliffe College.

Miss Houdlette's sudden death came as a great shock to her college and society friends, but the medical examiner's report that the cause of her death was wood alcohol poisoning has thrown the deepest mystery about the case.

Medical Examiner Swan believes she suffered from the poison for a day before death. The manner in which she received the poison is not suggested by the authorities and the only way her family can account for the poisoning is that the young woman, suffering a temporary lapse into insanity or deep melancholy from overstudy, decided to end her life.

The two veins recently discovered on our Sapper claim, composed of quartz and white tale, the identical Shoshone formation, indicate that equal development will make the shares of this Corporation worth many times par, as it has already done for the Montgomery-Shoshone. That this fact is thoroughly appreciated by the knowing ones on the ground is shown by the large number of orders being received for the stock from Bullfrog and Rhyolite.

Immediate application is therefore advisable on the part of those who wish to secure this stock at 35 cents, as no more than the allotted amount will be sold at this price.
